<sup>1</sup> S&P Global Ratings' 'AAf' fund credit quality rating signifies that the fund's selection of portfolio holdings provides very strong protection against losses from credit defaults. The ratings may be modified by the addition of a plus (+) to show relative standing within the major rating categories.

<sup>2</sup> S&P Global Ratings' 'S1' fund volatility rating signifies that the fund is expected to demonstrate a low sensitivity to changing market conditions and a level of risk that is less than or equal to that of a portfolio comprising the highest-quality fixed-income instruments with an average maturity of one to three years.
